

# All Saints Respect For Life Club

“Before I formed you in the womb I knew you, before you were born I dedicated you, a prophet to the nations I appointed you.” Jeremiah 1:5

Our Catholic faith tells us that all human life is sacred and precious from conception to natural death. The Respect for Life Club mission is to uphold the dignity of all human life by serving those in need in our local community. This club will meet monthly to serve the local community through corporal and spiritual works of mercy. It is open to all sixth grade students who want to experience how to better love their neighbors in the world. Join us as we spread the good news about life!

---
