## ***Principal's Message***

Recently the Virginia Department of Health published an *Algorithm for Evaluating a Child with COVID-19 Symptoms or Exposure*. This tool provides an overview of the decision-making process that is divided into sections for parents, schools and health care providers. The “at a glance” format is very user friendly and includes quick reference points as to how to respond to questions related to onset of symptoms and exposures. I thought you might find this information helpful as you monitor your children and we continue to work together to ensure the health and wellness of our community.

### **Stewardship Shares – Update for 2020-2021**

Due to the decrease in volunteer opportunities because of the cancellation or postponement of activities and in light of the restrictions now in place that limit volunteers in the building, this year parents are encouraged to complete only 10 Stewardship Shares rather than fulfilling the 25 required Shares as in prior years.

Know that we value the support that you provide and recognize your involvement as being essential to helping us sustain our mission.

### **Cafeteria Program – Account Balances Update**

Many of our school families currently have a positive balance on their lunch accounts from 2019-2020 and we have initiated a process to provide refunds accordingly.

For families with a small balance (less than \$10.00), the school will retain the balance unless a refund is requested by the parent.

For families with significant balances (greater than \$10.00), the school will automatically initiate a refund to their FACTS tuition account unless the parent indicates that they prefer that the school retain the balance as a donation.

Should you have any questions about your balance or this process, please do not hesitate to contact Mrs. Diana Neri, Office Bookkeeper, at [vneri@allsaintsva.org](mailto:vneri@allsaintsva.org).
