

Dear Parents and Guardians,

As summer approaches, we are excited to share our **Summer Reading Program** for rising fourth grade students! This program is designed to keep students engaged in reading, help them maintain their literacy skills, and foster a lifelong love of books during the summer months.

Why Summer Reading?

Studies show that reading just 20 minutes a day can significantly boost vocabulary, comprehension, and overall academic performance. Our goal is to encourage students to read for enjoyment and return to school ready to learn.

Program Details:

- **Reading Goal:** Students are **required to read one book from the list below as well as one book of your choice** over the summer.
- **Book Selection:** We've included a reading list based on your child's Fountas and Pinnell reading level, as stated on their final report card. We hope these will provide a variety of reading levels and interests.

How You Can Help:

- Set aside time each day for reading.
- Talk to your child about the books they're reading.
- Visit your local library together ([Prince William Library Card Information](#)) or visit [McKay's Used Books](#)
- Be a reading role model by reading your own book alongside them or read with them.

We believe that reading during the summer will help your child start the next school year strong and confident. Thank you for your support in making reading a part of your summer routine.

Happy reading!
